

## Strong Again.

The woman who knows the full value of health is the woman who has lost it and regained it. It is the woman who from being weak and sickly is once again made a strong woman. Half a million weak and sickly women have been made strong and well by the aid of Dr. Pierce's "Favorite Prescription." It cures the ills which weaken women. It regulates the periods, drives out the poisons, cures inflammation and ulceration, and cures female weakness. It nourishes the nerves and so cures nervousness. It promotes a healthy appetite and induces refreshing sleep.

"I had female trouble for eight years," writes Mrs. L. J. Dennis, of East College Street, Jacksonville, Fla. "Words cannot express what I suffered. I was so weak and nervous that I could not do my work. Friends urged me to try Dr. Pierce's 'Favorite Prescription.' When I commenced taking this medicine I weighed ninety-five pounds. Now I weigh one hundred and fifty-five pounds—more than I ever weighed before. I was so bad I would lie from day to day and long for death to come and relieve my suffering. I had internal inflammation, a disordered system, bearing-down pain, and such distress every month, but now I never have a pain—do all my own work and am a strong and healthy woman."

Use Dr. Pierce's Pleasant Pellets with "Favorite Prescription" if the bowels are inactive or irregular.

## Announcement

I beg to announce that I have connected myself with the

## Southern Farm Agency

of Lynchburg, Va., and will represent them in this section of the State (Spotylvania, Stafford, King George, Essex, Caroline). It will be remembered as the one which sold Snowden, Hazel Hill estates, near this city; Roxbury, near Guinea, and many other fine farms. They do an enormous advertising business and have buyers from all parts of the North and West. If you wish to list your farm with them for sale, see me at once or write for particulars. We can sell your farm for cash, no matter where located. No sale, no pay. Very truly,

### SENATORS NOT MILLIONAIRES.

Only 18 Squeeze Into That Class, and Many are Poor.

(From the New York Sun.)

It is evident from the widespread discussion of the proposition to elect United States Senators by the direct vote of the people instead of by the State Legislatures that a popular belief exists that there is a strong tendency to select only very rich men for the Senate, and that this distinguished legislative body deserves the name by which it is so often derisively called, "The Millionaires' Club."

There are not half a dozen men in the Senate who would be regarded as rich men in New York or whose fortunes compare with those of the great capitalists of the United States. There is only one immensely wealthy man in the Senate—Clark, of Montana, and much of his richness is speculative.

The following table gives a list of the Senators whose wealth reaches or goes above the million mark, with the estimate of their fortunes somewhat loosely made, of course, because nobody knows a man's private affairs but himself, and he won't tell.

Wm. A. Clark, Montana,	\$25,000,000
Thomas Kearns, Utah,	10,000,000
John Kean, New Jersey,	4,000,000
James McMillan, Michigan,	5,000,000
S. B. Elkins, West Virginia,	4,000,000
John Bryden, New Jersey,	5,000,000
Bedford Proctor, Vermont,	3,000,000
George Peabody Wetmore, Rhode Island,	2,000,000
Nelson W. Aldrich, Rhode Island,	2,000,000
Marcus A. Hanna, Ohio,	2,000,000
Chauncey M. Depew, New York,	2,000,000
Eugene Hale, Maine,	1,000,000

Now that is not a very formidable list. It numbers only 12 and the aggregate of the estimated fortunes is only \$65,000,000. There are five or six names that perhaps should be added of Senators who, if the facts were known, might be able to squeeze just within the \$1,000,000 mark, such Senators as J. B. Foraker, of Ohio, Charles W. Fairbanks, of Indiana, Thos. R. Bard, of California, A. G. Foster, of Washington, and J. H. Millard, of Nebraska.

The investigation into their financial status shows that they cannot rightly be put into the millionaire class, but even if they should be, the number would be only 17, less than one-fifth of the total membership of the Senate, even with the two vacancies, and the aggregate of the wealth possessed by the millionaire Senators as a body could not be largely increased.

But whether the amount set opposite these Senators' names is or is not approximately correct, it is a safe statement to make that there are not 18 Senators out of a total of 88 who can rightly be said to be millionaires, and that the wealth of these 18 has been grossly exaggerated in the public mind.

Then again, the manner in which these Senators gained what wealth they have is interesting and important as bearing on the question whether they are Senators because they are rich or rich because they are Senators, or whether the matter of money has anything to do with the case.

Everybody knows how Clark of Montana made his money as a copper king and how he used it to further his political fortunes. The printed testimony of the Senate committee that investigated his right to his seat told that story, and he is now a Senator with a clear title.

Kearns, of Utah, is a bonanza mine owner also and a railroad builder, and he, moreover, a young man who will be heard of later. John Kean is the present head of a family whose wealth is an inheritance. It has never been divided and is increased by business sagacity.

James McMillan started in life as a car builder and is now interested in many great business concerns, although he has retired from active work and turned his interests over to his sons. Stephen B. Elkins is a speculator in lands, coal, and railroads, and he is still making money.

Dryden is the head of a powerful life insurance corporation, a business that has always made money and probably always will. Bedford Proctor owns valuable marble quarries in his native State.

Capt. E. R. Baird reviewed the work of the school, telling how it had grown in thoroughness, numbers, and proficiency. The annual oratorical contest among the colleges of Virginia was the occasion of a large audience at Emory and Henry College, Emory, Va., on Friday night.

The honor was won by Mr. Ike A. Wynn, of Jonesville, Lee county, Va., and a representative of Emory and Henry.

Mr. Wynn had some very close competitors, but the judges decided in his favor, after having carefully weighed all points of merit. The judges were Hon. John A. Buchanan, of the Virginia Court of Appeals; ex-Senate Senator B. F. Buchanan, of Smyth county; and Dr. R. H. Huddall, of Blacksburg.

The other colleges contesting were represented as follows: Washington and Lee, Walter H. Atkins; University of Virginia, W. L. Kinsey; Richmond College, Lane Lacy; Randolph-Macon, Charles T. Thrift; William and Mary, Floyd T. Holland; Hampden-Sydney, R. C. Stokes; Roanoke College, C. M. Marshall.

Don't Start Wrong. Don't start the summer with a lingering cough or cold. We know what a "summer cold" is. It's the hardest kind to cure. Often it hangs on, through the entire season. Take it in hand right now. A few doses of One Minute Cough Cure will set you right. Sure cure for coughs, colds, croup, grip, bronchitis, all throat and lung troubles. Absolutely safe. Acts at once. Children like it. One Minute Cough Cure is the best cough medicine I ever used," says J. H. Bowles, Groveton, N. H. "I never found any thing else that acted so safely and quickly."

ing: Allison, Bard, Barnham, Burrows, Burton, Carmack, Clark of Wyoming, Clapp, Dietrich, Dillingham, Foster of Louisiana, Foster of Washington, Fairbanks, Foraker, Gamble, Gilson, Hansbrough, Harris, Jones of Arkansas, Kirtledge, Dodge, Millard, Mitchell, Nelson, Perkins, Platt, of New York, Quarles, Quay, Scott, Spooner, Teller, Warren and Wellington.

This designation of "comfortable" should be explained; means that the Senators so listed have some sort of fixed income beyond their Senatorial salary and professional or business earnings sufficient for a comfortable maintenance, but not so large as to entitle them to be placed in the class with those worth \$1,000,000.

The other Senators—that is those who have nothing beyond their salary or what they make from such services as they may be able to render as lawyers, doctors, writers or what not—are said to be those: Bailey, Bacon, Bate, Berry, Beveridge, Blackburn, Clay, Cockrell, Callom, Daniel, DeLoe, Dooliver, Dubois, Frye, Gallinger, Hawley, Helff, Hoar, Jones, of Nevada, McLaughlin of Mississippi, McLaughlin of South Carolina, McEnery, McCombs, McPherson, Mallory, Martin, Mason, Money, Morgan, Patterson, Penrose, Pettus, Platt of Connecticut, Pritchard, Rawlins, Simmons, Simon, Stewart, Talladega, Tillman, Turner and Vest.

### Commencement Exercises of Colored Industrial School in Essex.

Friday, April 25th, the Champlain Industrial High School held its commencement exercises at the Antioch Baptist Church, Champlain, Essex county, Va. The church was tastefully decorated.

The first Negro Conference ever held in this section was planned to take place at 3 P. M. Friday night and to close at 1 P. M. At the hour appointed Prof. L. D. Davis, principal of the school, called the meeting to order. The following were made officers: President, L. L. Davis; Secretary, C. M. Minnis.

The following subjects were discussed: 1. "How can we make farming profitable on a small place?" 2. "How can the negro keep out of debt, and live comfortably?" Many other subjects were discussed relative to the Negro's welfare. There was a crowded house. The following speakers took part in the Conference: Zack Noel, R. L. Bunde, Denson Dan Riche, and Rev. A. Gray. At 1 o'clock P. M. the meeting adjourned to meet in the spring of 1901.

At 2:30 P. M. the church was packed to witness the graduation of the first students to complete the course of study prescribed for the C. I. H. School. A program was prepared for the afternoon, and also at night. Miss P. C. Robinson, of Manchester, in charge of graded school department, presided at the organ. Miss M. E. Smith, principal, had charge of the industrial department, which was well represented, having on exhibition, and for sale, articles of wear, such as, boys' jackets, girls' aprons, dresses, waists, etc. Two bed quilts had been finished for the occasion which were sold for five dollars. Most of the articles were sold being for the benefit of the school. Prof. L. D. Davis had charge of the program. The commencement program follows:

1. Music—"Our Army and Navy."
2. Salutatory—"How May We Best Improve Our Race?" Jane L. Washington.
3. Music—"Deeper Yet."
4. "Education and its Benefits." Robin H. Clarke.
5. Music—"Never Alone."
6. Valedictory—"The Two Races of This Country." James D. Washington.
7. Music—"The Bolted Door."
8. Presentation of Diplomas and Certificates.

At the conclusion of the program the students who had passed the required mark for promotion were called to the platform by classes, and received their Certificates of Attainment at the hands of Capt. E. R. Baird, County School Superintendent. The three seniors, Jas. D. Washington, Jane L. Washington and Robin H. Clarke received their diplomas, which were presented by Capt. Baird.

Rev. A. Gray was introduced and gave a timely talk. Deacon Thomas Lafane, of Tappahannock, also spoke. Subject, "Obedience."

Miss Nettie Beverly, a public school teacher, read an essay Subject, "The Boundless Work of Woman."

Capt. E. R. Baird reviewed the work of the school, telling how it had grown in thoroughness, numbers, and proficiency.

### CURRENT TOPICS.

The honor of being the first girl's school in the South to celebrate its centennial will belong to the Salem Female Academy at Winston-Salem, N. C. May 25, 1892, this effort.

The board of supervisors of Culpeper have advertised for bids for the construction of two brick buildings to be built on the new county Poor Farm, to cost between \$2,000.00 and \$2,500.00. This farm cost \$10,000.00.

A new honor awaits Andrew Carnegie in England. The honorary freedom of the plumbers' Company an ancient guild of the City of London, is to be conferred on Mr. Carnegie at the Guildhall, May 14, in recognition of the munificence of his educational gifts.

A map has just been made of all the famous battlefields in front of Petersburg for a distance of eight miles, which is to be laid before the military committee with a view of obtaining an appropriation from Congress for the establishment of a national battlefield park there.

That Ignace Padewski is a great cigarette smoker has been again brought to light by the holding up by the customs authorities of cigarettes imported by the pianist from Hamburg. The cigarettes 1,000 in number, were released upon a payment of \$10.00—equal to the duty.

The Delta Psi Fraternity at the University of Virginia has awarded the contract for a new clubhouse and dormitory. The building will cost from \$15,000 to \$17,000, and will be of colonial style to harmonize with the other university buildings. Work will begin immediately.

May 21 has been selected as the date for the Alameda spring races, to be held at the Ficklin track, one mile south of Charlottesville. The success of the meet last fall was such as to give added enthusiasm to the coming events, which promise to be the most successful ever seen there.

While visiting Goshalt, in the Hartz Mountains, recently, the crown Prince of Germany was bombarded with snowdrops by a band of ladies and practically mobbed by school children. Before leaving the town the Prince scattered penny loaves largesse of sweets among his small admirers.

Rev. Douglas Forrest, D. D., son of the late Commodore French Forrest, of the Confederate Navy, died from heart failure Saturday at the residence of his brother-in-law, J. Ryland Fleet, at Ashland, Dr. and Mrs. Forrest were on their way from Florida to Sweet Chalybeate Springs, to spend the Summer.

### Roosevelt in 1904 Says Long.

Praising President Roosevelt, prophesying he would receive the Republican nomination for President in 1904, John D. Long, former Secretary of the Navy, admits that there is a distinctive movement in certain quarters to bring about the elevation to the place of Senator Marcus A. Hanna. "President Roosevelt is able, active, popular," the former Secretary said, "and when the National Convention meets he will have an almost unanimous vote for the nomination. Massachusetts will be for him. That I know."

"But Mr. Hanna's friends are active," it was suggested. "Yes, very active," was Mr. Long's unhesitating reply. "But that will not prevent Mr. Roosevelt from winning."

Kansas Has Been Prohibition State 21 Years.

Twenty-one years ago prohibition was adopted in Kansas. Gov. Stanley discussing its effects says:

"Prohibition in Kansas has been marked by very beneficial results, and this is apparent to anyone who will travel through Kansas and through any of the license States that may be selected and note the difference in the types of young men in the two States."

There are thousands of young men in Kansas who never saw a saloon, and will avoid it, if for no other reason, because it is under the ban of the law. There are thousands of men who probably would patronize the saloon if sanctioned by law and conducted, as the law brands it, as an Ishmaelite among the legitimate enterprises of the community.

### Prince Cost \$1,000 An Hour.

Rebates to the amount of 10 per cent. were received by the persons who contributed to the fund for the entertainment of Prince Henry of Prussia when he visited Chicago in March. The total amount subscribed was \$25,000, and the expense of the princely visit amounted to \$22,500. Prince Henry arrived in Chicago at 6 o'clock on the evening of March 4 and departed for Milwaukee at 2 o'clock the following afternoon. Entertaining royalty in Chicago cost over \$1,000 an hour, by averaging up the expenses. Out of this all the numerous celebrations came, except the luncheon at the Germania Club, the cost of which was borne by the members of the club.

### Races At Manassas.

The second annual point-to-point steeplechase at four miles of the Bull Run Hunt Club was run Saturday near Manassas, and was won by Conflicting Evidence. The following hunters, ridden by members of the club, started and ran as follows: Conflicting Evidence, owner A. O. Porter, J. Jones up; Hurry Up, owned and ridden by B. N. Merchant; Lost Cause, owner H. F. Davis, Rank-head Davies up; Lurelle, owner E. H. Goodwin, Walter Merchant up; Baritone, James Dorrel owner, Roy Adamson up. The horses ran the entire course all in a bunch and the winner only beat Hurry Up by a length.

Chair Brings \$20,500 and a French Clock \$16,728.

At an art sale in London a curious marqueterie chair of the Louis XV period, bidding for which started at \$2,500 and after an excited contest was knocked down for \$20,500. The next was the sale of a Louis XVI regulator clock with 10 dials, showing the years, months, days of the week and phases of the moon. It sold for \$16,728. Three beautiful panels of old Gobelin tapestry belonging to Madame Folbe, showing nymphs and cupids dancing and offering sacrifices before statues of Cupid and Hope, went for \$10,500. A pair of old Naikin vases of cylindrical form, with dragons and clouds of asters and ephes anemones on blue ground, sold for \$7,000.

### Fruit Growing in Virginia.

(Lynchburg News.)

Happily for this Commonwealth, Virginia is peculiarly adapted to fruit-raising. It is a fact susceptible of proof that no State in the Union, at least on this side of the Rocky Mountains, is better adapted to the production of a greater variety of fruit in perfection than our own favored Commonwealth. The people of Virginia are just beginning to realize the advantages which a bountiful Providence has placed within their reach along this line. All signs indicate that the fruit interests of Virginia are destined to a wonderful development in the next few years.

## MALARIA An Invisible Enemy to Health

Means bad air, and whether it comes from the low lands and marshes of the country, or the filthy sewers and drain pipes of the cities and towns, its effect upon the human system is the same. These atmospheric poisons are breathed into the lungs and taken up by the blood, and the foundation of some long, debilitating illness is laid. Chills and fever, chronic dyspepsia, torpid and enlarged liver, kidney troubles, jaundice and biliousness are frequently due to that invisible foe, Malaria. Noxious gases and unhealthy matter collect in the system because the liver and kidneys fail to act, and are poured into the blood current until it becomes so polluted and sluggish that the poisons literally break through the skin, and carbuncles, boils, abscesses, ulcers and various eruptions of an indolent character appear, depleting the system, and threatening life itself. The germs and poisons that so oppress and weaken the body and destroy the life-giving properties of the blood, rendering it thin and watery, must be overcome and carried out of the system before the patient can hope to get rid of Malaria and its effects.

S. S. S. does this and quickly produces an entire change in the blood, reaching every organ and stimulating them to vigorous, healthy action. S. S. S. possesses not only purifying but tonic properties, and the general health improves, and the appetite increases almost from the first dose. There is no Mercury, Potash, Arsenic or other mineral in S. S. S. It is strictly and entirely a vegetable remedy. Write us about your case, and our physicians will gladly help you by their advice to regain your health. Book on blood and skin diseases sent free. THE SWIFT SPECIFIC CO., Atlanta, Ga.
